

## Copy-write Editorials.

Chicago women have started a boycott on eggs.

Edmond Perreyon, aviator, dropped to his death at Buc, France, Tuesday, making even 200 this year.

Gov. Blease, of South Carolina, released 100 convicts so that they might eat dinner at home today.

The holder of the altitude record of 19,650 feet dropped to his death in France Tuesday, like nearly 400 other aviators have done.

Mr. and Mrs. Francis B. Sayre are both blonde and of about the same height. He is 28 and she is 26. They will live in Massachusetts.

The Imperial Tobacco Company's trial, under a trust indictment, is under way at Morganfield. R. E. Cooper is to be a witness.

Two carloads of fresh strawberries, which netted the growers, \$3 a gallon, left Plant City, Fla., for Chicago, Tuesday. By the time they get there they'll cost as much as eggs.

Vanderbilt and Sewanee will meet at Nashville as usual today in the closing football game of the season. Sewanee has a chance to win this time, as Vanderbilt's team is weaker than for several years.

The cold storage men are to be investigated by the government with a view to bringing down the prices of eggs and other cold storage products, and the dealers are in a state of great perturbation and are delegating the attorney general with requests for a hearing.

## CHANGE AT BETHEL

## School Is To Be Managed By Board of Trustees After December 1.

At a meeting of the Board of Trustees of Bethel Female College held Tuesday afternoon, Prof. H. G. Brownell retired from active connection with the institution and the management of the school for the remainder of the school year will devolve upon a Financial Committee composed of three trustees, President C. M. Thompson, Treasurer T. W. Blakey and W. T. Tandy. Mrs. H. G. Brownell was elected Principal of the school with the title of Vice President and the school will run ahead without any change.

Prof. Brownell is President of Bethel College at Russellville and undertook to manage both schools, teaching from Tuesday to Saturday at Russellville and spend Sunday and Monday here. He finds that he has undertaken too much and the new arrangement relieves him of further management of the girls' school here.

Mrs. Brownell has had control of the school since September 1, and the Board has by this new arrangement virtually made her the head of the school. Dr. T. W. Blakey, Treasurer of the Board of Trustees, is to be the financial agent and will handle all of the future finances of the college, including a considerable amount of unpaid bills for tuition and board for the present term.

The college, by the new arrangement, which takes effect December 1, is placed upon a sound financial footing.

## LINDSAYS FINED.

## Cost Them \$105 To Beat Up Lee Blankenship.

Felix and Ches. Lindsay, of Todd county, charged with breach of the peace, in beating up Lee Blankenship and biting off a piece of his nose, were tried yesterday and fined \$27.50 and \$77.50 respectively. They paid the fines. Blankenship has brought suit for \$2,000 against the Lindsays for maiming him.

Remember the Good Roads Week Dec. 2nd to 6th.

## CUMBERLAND PRESBYTERIAN

## Revival Began Sunday and Interest Manifested By Attendance.

## WANT 100 IN THE CHORUS.

## Three Services a Day Will Be Held For Two Weeks or More.

Invigorated, rather than fatigued from a most successful meeting in Tennessee, Rev. W. T. Logan arrived Saturday to assist the pastor of the Cumberland Presbyterian church, in a series of evangelistic services to continue for ten days or two weeks.

Mr. Logan expects great results here. When he entered the audience room for the first time he remarked: "The room is too small." He was told to go ahead and fill it and if it proved too small the Tabernacle would be used.

Mr. Logan, in his last meeting saw an ingathering of 154 souls, 54 of them invited with the church where the services were held, and the hundred being admitted to membership in the different churches of the city. A letter was received by the pastor of the Methodist church here from Lewisburg, Tenn., signed by the official board, asking him to urge his members to attend the meetings to be conducted by Mr. Logan. At Lewisburg, where he had had such grand results, all the churches of the city have entered into them with enthusiasm and all had been greatly blessed.

Three meetings a day will be held, 10 o'clock in the morning, 3 in the afternoon, and at 7 at night.

Prof. J. W. Henderson, of Chicago, arrived Friday night and at once began the work of arranging for splendid work on the part of the chorus. He wants 100 in the chorus. The platform will be enlarged when necessary and everybody that can sing is invited to go forward and take a seat, without further invitation.

Mr. Logan and helpers have witnessed more than 800 conversions in middle Tennessee since the first of September.

## Endeavor Meeting.

Mr. C. F. Evans, field secretary of the Kentucky Christian Endeavor Union, will lecture at the First Presbyterian Church, U. S. A., Monday night, Dec. 1st, at 7:15. Mr. Evans is one of the most enthusiastic Christian Endeavorers in the state. Every one interested in the work of young people should attend this meeting, as you will see what Christian Endeavor is doing for Kentucky. Last year Mr. Evans organized 44 new societies in the state. Remember the date, Monday night, Dec. 1st, at 7:15.

## Gave Up Two Toes.

To enable him to enlist in the United States army, William Taylor, twenty-one years of age, of McHenry, Ky., a man of twelve toes, underwent a surgical operation at the City Hospital, two dwarf toes being removed. The fact that each of his little toes had branches had never bothered him until he learned he could not enlist in the army.

## Five Killed.

Four U. S. Soldiers and a civilian chauffeur were killed near Houston, Texas, when a train struck the auto in which they were riding. One soldier in the car escaped.

## Strikers Won.

The strike of 40,000 coal miners in Northern France for an eight-hour day was settled last night with a complete victory for the miners.

## THANKSGIVING SERVICES

## Will Be Held at The Eddyville Prison Today.

Mrs. E. P. Fears, representing the Howard Society, of Chicago, and Miss Ada Duncan, chairman of the missionary committee of the Kentucky Christian Endeavor Union, left this morning for Eddyville, where they will take part in a Thanksgiving service in the chapel of the prison. Mr. C. F. Evans, field secretary of the State C. E. Union, will conduct the meeting. The participants will be the guests of Warden John B. Chilton for the day.

## EFFECTIVE DEC. 1.

## Ordinance to Protect Gardens And Flower Beds.

An ordinance passed last Spring to take effect December 1, prohibiting chickens from running at large and foraging upon the premises of others than their owners, becomes effective next Monday. It was agreed at the time the ordinance was passed that those raising fowls unconfined should be given time to provide enclosures or to dispose of them when there was a ready market. There is a heavy fine for the violation of the ordinance.

## Sheffer-Hackleman Meetings Today.

Woman's Prayer Meeting 2:30 p. m.

Sermon: "A Brother's Faults, Sole and Baptismal Service at 3 p. m.

Sermon: Two vital questions about Jesus. Sole and Illustrated Hymn Service at 7 p. m.

## REV. W. H. SHEFFER.

This noted preacher was born at Henderson, Ky. He was graduated from Transylvania University. Successively he has preached at Tallahassee, Lewisburg, Union City, Nashville, and Memphis, Tenn. In the last named city he has continued as the minister of the historic Linden avenue church during the thirteen years just passed. His ministry here has given great satisfaction to his people and recently they refused utterly to consider his going from them to a prominent Western pulpit. Now the church is busy building a house of worship of great beauty and dignity. It is to cost \$135,000.

Mr. Sheffer has been a man of out reaching sympathy. He has had an eye to see the Missionary fields, and so his sympathies and abilities alike have commended him to the Disciples of the world and accordingly they in International Convention at Toronto, Canada, made him President of the oldest Missionary organization. He is an official successor of the illustrious Alexander Campbell who first held the place.

Pastor, Missionary leader, and occasional orator, Mr. Sheffer is also an evangelist with a record of successful service.

## Not Her James.

A body identified as that of James Green at Jackson, Mich., was shipped to Avoca, N. Y., by order of his sweetheart, Miss Ella Rynder, but was found to be that of a stranger upon its arrival.

## FRANK K. YOST FOR MAYOR

## Majority of the Democratic Councilmen Name Full List Of Officers.

## MANY CHANGES ARE MADE

## Mayor Meacham Not An Applicant for Re-election - There Were Many Candidates.

The personnel of the appointive officers of the city was definitely settled Monday night when four of the councilmen elect, constituting a majority of the Democrats and of the council as a whole held a caucus and entered into the following signed agreement to elect the persons named:

We, the undersigned Councilmen men-elect of the City of Hopkinsville, Ky., hereby mutually agree to nominate, vote for and elect at the regular meeting of the Council in December, 1913, the following named persons to fill the offices opposite their names as follows, viz:

Mayor ..... Frank K. Yost  
City Judge ..... Hunter Wood, Jr.  
City Attorney ..... W. H. Southall  
City Clerk ..... J. H. Carliss  
City Treasurer ..... H. L. McPherson  
City Tax Collector ..... H. T. Hurt  
City Tax Assessor ..... C. H. Coffman  
City Engineer ..... B. F. McClaid  
City Physician ..... T. W. Perkins  
Sexton, Riverside City ..... R. D. Reeder  
Workhouse Keeper ..... Chas. Vaughn  
Chief of Police ..... Ellis Roper  
Lieut. of Police ..... W. D. Hawkins  
Sergeant ..... Amos Haydon  
Patrolman ..... Garland Jones  
Patrolman ..... A. W. Witherspoon  
Patrolman ..... Geo. W. Walker  
Patrolman ..... B. F. Hadden  
Patrolman ..... W. E. Shanklin  
Patrolman ..... W. D. Carter  
Patrolman ..... D. L. Mitchell  
Patrolman ..... John A. Barnett  
Patrolman ..... B. C. Gregory  
Fireman ..... E. P. Fears, Chief  
Fireman ..... W. H. Hester, Ass't Chief  
Fireman ..... E. S. Haydon  
Fireman ..... John Lawson  
Fireman ..... Clay Powell  
Fireman ..... Joe East  
Fireman ..... Clarence Boyd  
Fireman ..... W. B. Turner  
Fireman ..... Emmett Hayden  
Fireman ..... Herman Johnson  
Fireman ..... J. R. Hines  
Fireman ..... Richard Boyd

"Given under our hands this 24th day of November, 1913.  
"C. J. GEE,  
"J. A. SOUTHALL,  
"BAILEY RUSSELL,  
"G. W. CARLOSS.

Those marked with an asterisk are the present incumbents. It will be seen that with the exception of two there is a complete change in the first ten of the important places. There are but few changes in the police and fire departments. Mayor Chas. M. Meacham, who has served eight years, was not a candidate for a third term and out of half a dozen candidates who have been discussed for Mayor, Mr. Frank K. Yost, the head of the Hopkinsville Milling Co., and a prominent and successful business man, was finally agreed upon. Mr. Yost is well qualified for the place and is expected to give the city a wide-awake and progressive administration.

Messrs. McPherson, Hurt and McClaid, who succeed Geo. DeTreville, Jno. W. Richards and Milton G. Moore in the offices of treasurer, collector and engineer have had previous experience in the same positions. Sergt. Garland Jones and Patrolman Amos Haydon are exchanged and Crit Anderson is succeeded by B. C. Gregory as patrolman, these being the only changes in the force.

The fire department is unchanged. C. H. Coffman, who succeeds E. J. year.

## THAT "TURKEY TROT"

## Of The O. G. Sprouse Co. Drew About 2,000 People.

West Ninth Street, from the Methodist church to the middle of Peace Park was so jammed with people yesterday to see the turkeys thrown from the top of the Sprouse Store that the police had to keep a way open for vehicles to pass through. The tops of houses and windows of buildings were filled with people, many citizens up telephone poles to get a view. Everything went off in good order and there was no occasion for the humane society to enter a protest. Owing to the fowls having been in the coops so long none of them flew very far. One of them alighted on a telephone cable but was finally dislodged. The crowd was estimated at from 2,000 to 4,000. The Sprouse Co. know how to advertise and always do it well.

## POSTOFFICE BUILDING

## Contractor Getting Ready To Put In Foundation.

Mr. Webber, who is to superintend putting in the foundation for the postoffice building, arrived here a day or two ago. He was expected to have arrived sooner, as mail matter addressed to him here has been undelivered for two weeks or more.

Yesterday morning wagon loads of wheelbarrows, kegs of nails, a blacksmith forge, shovels and other things belonging to a contractor's outfit were unloaded at the northeast corner of the site for the building, and measurements were made. It is presumed that excavation will begin in a few days. The building is to be completed the first of 1915.

## GIRLS IN COMEDY.

## "Miss Fearless &amp; Co." Presented At Bethel Female College.

The young ladies of Bethel Female College presented "Miss Fearless & Co." at the college Tuesday night, and it proved to be a most laughable and entertaining performance. A well filled house greeted the girls, all of whom acquitted themselves most charmingly. School closed yesterday for the week and most of the young ladies went to their homes for Thanksgiving.

## Martin's Many Marriages.

M. C. Morton, in jail at Dixon, is to be returned to Clarksville, Tenn., to answer charges of bigamy. He married Mrs. Lella Bartee, a rich widow of Cumberland City and a little later married a girl named Martin in Montgomery county, in 1911. He was arrested, but jumped his bond. On Nov. 12 he showed up in Crittenden county and married Miss Dora Blackburn and about the same time beat an old maid at Dixon out of \$1,000 under a promise of marriage. With three wives on his hands he seems to be slated for a long term.

## Preaching at Longview.

There will be preaching at Longview Methodist church, by the pastor, Rev. Virgil Egin, next Sunday, Nov. 30, at 11 a. m.

Schmidt as assessor, is an insurance man.

Dr. T. W. Perkins succeeds Dr. W. E. Reynolds as physician.

R. D. Reeder succeeds J. T. Johnson, who has been sexton of Riverside Cemetery for ten years.

J. H. Carliss, who succeeds H. W. Tibbs as clerk, is a brother of Councilman-elect G. W. Carliss.

City Judge Hunter Wood, Jr., has served one term of four years and City Attorney W. H. Southall one term of two years.

The Mayor and Judge are to be elected for four years, the officers the list to Lieutenant of Police no years and the others for one

## HOW TO USE SPILT LOG DRAG

## State Department of Roads Gives Pointers to Road Workers.

## MANNER OF CONSTRUCTION.

## Simplest Contrivance Known For Highway Working and Easily Made.

Frankfort, Ky., Nov. 26.—Interest in the use of the split log drag on the public highways has grown to such an extent that Commissioner of Roads R. C. Terrell has issued a special bulletin on it. It says:

"The total road mileage of the United States, from the latest statistics is 2,199,645 miles, of which only 190,476 miles are improved by any method whatsoever. Of these figures Kentucky has 58,744 miles of all kinds of roads and the total improved roads in Kentucky amount to 10,114 miles.

"From these figures it is easily seen that the earth road is by far the most common type of highway in this country.

"Therefore, it remains for us to obtain some efficient cheap method, in keeping with the cheapness of the construction, for maintaining these earth roads in a more or less passable condition the year round.

"For this purpose the most efficient, cheapest, easiest constructed, easiest handled and most generally useful implement known is the split-log drag.

"In the very beginning let it be understood that the split-log drag is an implement of maintenance and not of construction.

"The road must have proper surface drainage or it is useless to drag it. Wherever the road is continually soft and spongy from underground water tide underdrains should be put in. Ditches should be kept clean and open at all times and proper culverts provided where necessary.

"Dragging will smooth the surface, making a somewhat impervious layer, but to be most effective it is necessary that the water should be quickly carried away by the ditches and culverts.

## Constructing The Drag.

"Most any device which will move a small amount of earth toward the center of the road and at the same time smooth (slick or puddle) the earth will prove an effective drag. Therefore it is readily seen that the exact form of a drag is not the paramount consideration, but as the entire requisites for success depend upon the moving of but a small amount of earth at a time it is apparent that no road drag should be very heavy. In fact, the lighter and more simple the drag the more effective it usually is.

"A simple stick of timber has been used with success.

"V-shaped drags are also used to some extent, but objections are usually found, due to their heavy draught.

"The split-log drag may be said to be the simplest, cheapest, easiest constructed, operated and maintained of any implement known for the maintenance of an earth road.

"This implement, which should be made of a log of light wood (cedar, elm, box elder, soft maple or even will are preferable to oak, hickory or ash), eight to ten inches in diameter and seven or eight feet long. The split or sawed through the center and the halves fastened together.

## Object of Dragging.

"If a sample of moist earth is taken from the traveled surface of a road over a gumbo, clay or black soil
